Para más información, por favor llame al Departamento de Servicios Públicos del Condado de Orange y pida hablar con un representante en español. El número de teléfono es **407-254-9850**.

Changes to the Orange County Utilities Drinking Water Report

The 2021 Annual Drinking Water Report contains four significant changes, which will apply to all Drinking Water Reports moving forward:

- We will now refer to the Annual Drinking Water Report by the year the data was collected. This change is consistent with best practices approved by the Florida Department of Environmental Protection.
- The online reports will state the year the data was collected in the title, i.e. 2021 Drinking Water Report NEW (data collected in 2021).
- Three years of Annual Drinking Water Report data will be available on our website.
- The print version of the Annual Drinking Water Report will combine data from all of the public water systems in our service area into one document to more closely resemble the online version of the report.
